KENNETH W. RYDER
Dean of University Administration

EUGENE J. BLACKMAN

*Chairman, Department of Drama, Speech and Music
Director, Silver Masque Drama Society*

One man shown on these pages needs no formal introduction. The other, although not as readily recognized by we students, nonetheless has been greatly responsible for the strides made by our University during the past five years, as well as influencing our individual beings.

As *Dean of Administration*, *Kenneth W. Ryder* was the ultimate liason between all students and student organizations and the administration. He was, from a student's viewpoint, a "behind the scenes" man who figured prominently in providing the impetus for the early construction of the Student Center, and as the man with the answers to our questions about "Flip-Flop". It is impossible, however, to determine to what truly great extent *Dean Ryder's* actions influenced us, for all too often, one's meritorious actions are shrouded behind the curtain of bureaucracy.

Never behind the curtain, however, but always in full view of his audience, was *Professor Eugene J. Blackman*, whose dedication as director of the *Silver Masque* provided us many pleasurable hours in Alumni Auditorium. For those of us fortunate to have been directed or taught by him, we knew he was a true showman. And who, but a showman would have been given responsibility as a prime mover in the establishment of our *cultural activities program*. The success of this program to date, is but a reflection of the success which *Prof. Blackman* has brought to the *Silver Masque*, and the success he will bring to the drama major he initiated two years ago.

It is to these gentlemen, whose actions have so influenced our very existence at Northeastern University, that we dedicate this, the 1966 *CAULDRON*.

PRESIDENT'S MESSAGE

The Class of 1966 will be identified in future years with a distinctive "new era" in higher education at Northeastern University. When you entered as freshmen in 1961, the University announced the start of its major development program to broaden and improve its academic curricula and to significantly expand its physical facilities. Great strides have been made in both areas.

The most vital developments were the establishment during your first year of doctoral study at the University and the completion during your senior year of the new Student Center Building addition. Yours is the first graduating class to have been able to take full advantage of this new and modern facility.

I congratulate you upon your graduation from Northeastern University. Through the experience you have gained under the Co-operative Plan of Education, you are in a particularly advantageous position to rapidly assume important roles in our society. God bless each of you in your chosen career.

ASA S. KNOWLES
President

By Jerry Wishnow

White buildings, a crowded quadrangle and a stack of I.B.M. cards were the official greeters of our class on that bright September day in 1961. Yet this reception was no exception to any class. We soon found our way through the crowds to a classroom with uncomfortable seats, a long line at the bookstore and first in a series of orienta-

tion sessions in the auditorium. We were more than two thousand strong, and brought a record amount of scholarships, co-eds and problems to the *Miracle on Huntington Avenue*. We met our first real friend . . . Professor Ronald C. Davis, who, in his capacity as class advisor, was to lead us through our five years at Northeastern.

"I'll see YOU in class!"

We soon settled down to the routine of study, as the difficulty of college education became a reality. However, time was allowed for fun in such forms as the *sponge toss at professors*, a Student Union benefit program.

Crisp air . . . Fall was a great time to be in school. A \$40,000,000 development program was announced by President Knowles, giving Boston and us the first hint of a white brick Back Bay. We were now a real part of the campus life as we experienced our first mayoralty campaign and homecoming, and watched the Husky basketball team jump into the national spotlight by participating in the *NCAA College Finals* in Evansville, Indiana.

"The old gives way . . ."

"Blue Monday"

"Only 2,000 more . . ."

"Oh no, not three in one day!"

Ding, Ding . . .

Exam time came and passed . . . students came in and went home . . . lunch time sped by and sometimes one never left the classroom. Spring eventually warmed the campus bringing with it the tennis player and scooters. Spring also brought us to the end of our frosh year which we capped with a profit-making twist dance (*ah youth*) and fun-raising dinner-dance.

"Any objections . . ."

By the end of our freshman year, we had a fair knowledge of our environment. Most of us were no longer getting lost in the tunnels or wandering about not knowing our next destination.

Pledges attempt a coup . . .

Sophomore Year

We arrived back as *Sophomores* . . . *upperclassmen*. Undaunted by our status, we nevertheless attended Homecoming and began a tradition . . . rubbing the nose of our \$5,000 *bronze statue of King Husky* which was to forever more dominate the lobby of the Student Center Building. Also to serve as a domineering force was noise . . . *WNEU* made its first broadcast . . . the *West Dorm* opened its doors to a new freshman class.

12 Hours worth of noise . . .

\$22.50 worth of napkins . . .

“. . . and today's sewage will be tomorrow's drinking water . . .”

We witnessed the first concrete results of the development program, as construction of the *Mugar Building* reached an advanced stage. Further progress was reported by President Knowles at our *first upperclass convocation*. Despite the buildings, we still had our own work to do.

“. . . You bet.”

Mugar on the way . . .

King Husky . . .

The administration announced the leasing of a St. Stephens Street building which would *house upperclassmen* beginning our Junior year. And through all the progressive confusion that year, *Rhody Ram* visited us for the third consecutive time. Northeastern was also placed in the national spotlight as four scholars were invited to participate in the *GE College Bowl*.

Rhody's rustled ram . . .

A new tradition comes . . .

With the *groundbreaking of Speare Hall*, outsiders knew for sure that Northeastern had co-eds. Our basketball team, again, visited the *NCAA Finals*, and, again, lost. The *raising of a Christmas tree* in the Quad that year began a *tradition*, and a *raising of tuition* was announced . . . another *tradition*. Also that year, the perennially silent *student body raised it's voice* in favor of giving the *Student Center* development priority.

. . . and an old parking lot goes.

Middler Year

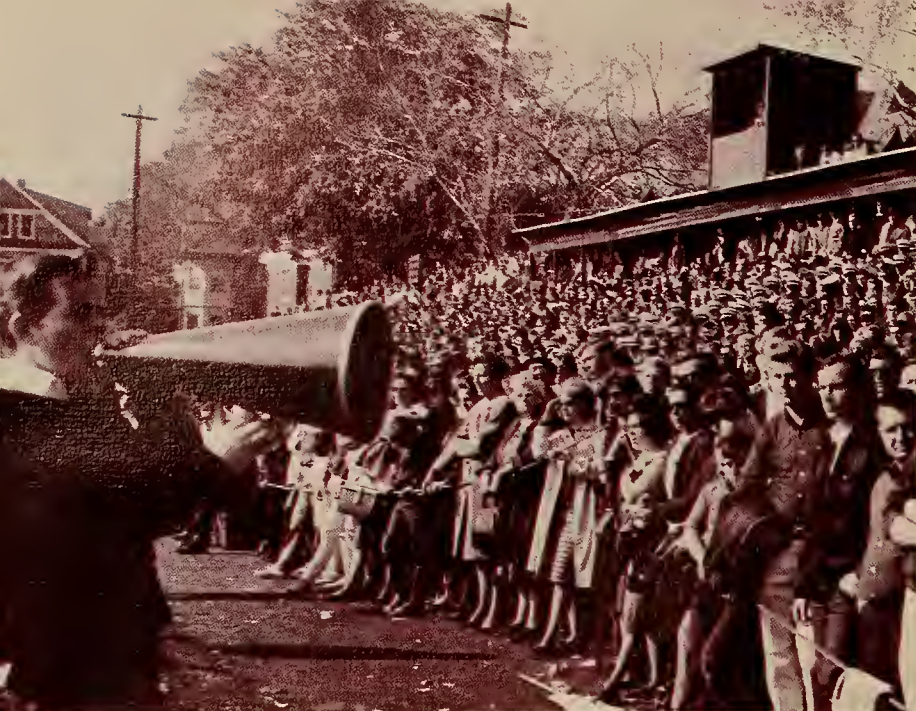

Middler year was a _____ for most of us. It began with the typically high brow, upper crust mayoralty campaign which was carried into convocation where President Knowles continued where he had left off the year before speaking of *destiny and development*. Academically, the development program brought us a new basic college . . . *Pharmacy*.

"Oh well, what the hell . . ."

". . . You said it."

"Give us an 'H' . . ."

"... H ..."

"Rackety-ax . . ."

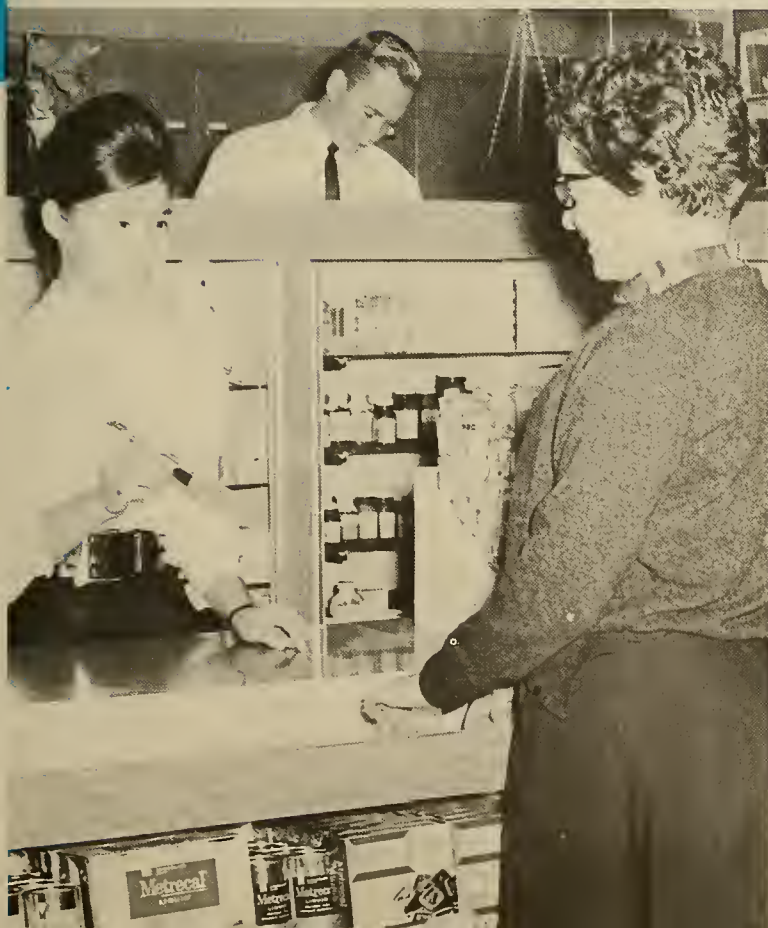

This was a prime year for *sports*. Football fans cheered the Huskies onto an undefeated, untied season which brought us to the *Cement Bowl*. Although we were defeated here the basketball team continued its winning ways. Though we did not reach the national finals this time, it was not because of lack of spirit, as *President Knowles* became our prime booster.

Operation observation . . .

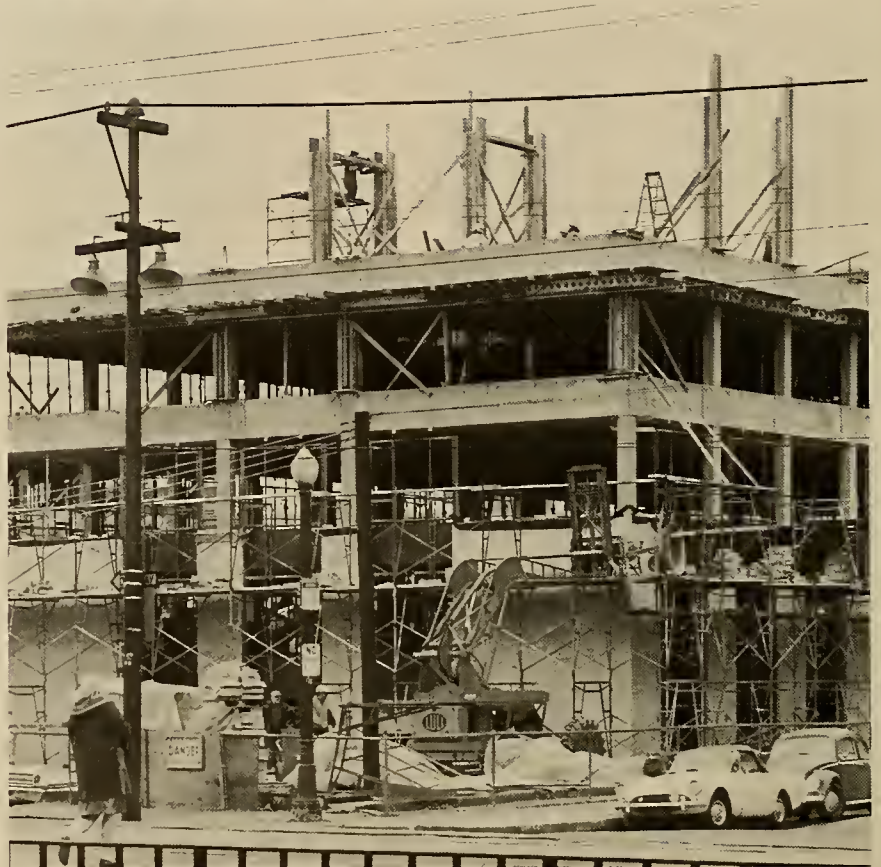

Another Northeastern first . . .

"Flip-What?"

"What do you mean we're out of bricks . . .?"

"A welcome guest . . ."

Flip-Flop was added to our already burgeoning vocabulary . . . real progress was being made on the new girl's dorm and *NASA* brought the realities of the space age to our very doors.

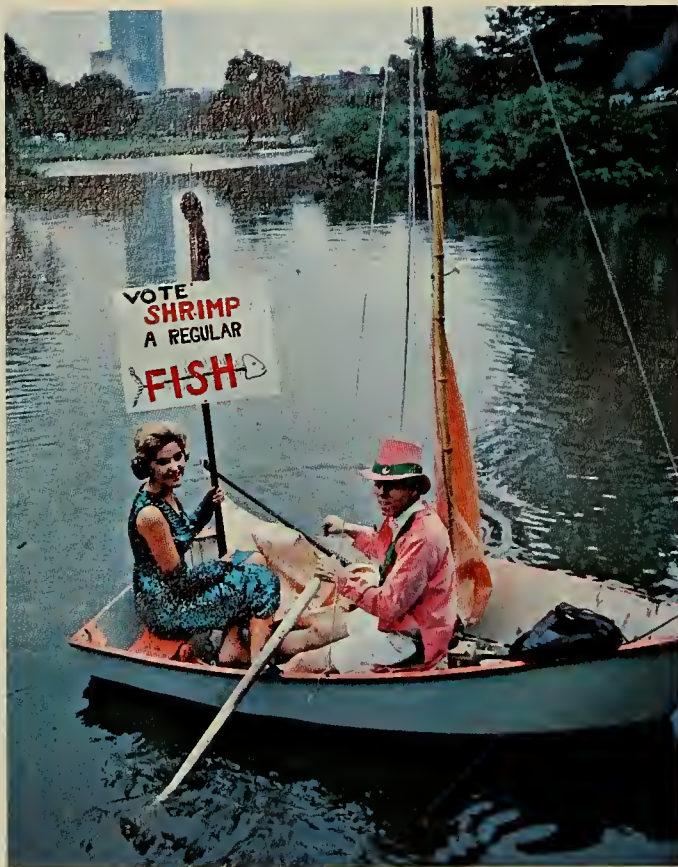

We may not have been victorious at championship play, but not every university could brag of having both a *turtle race* and a *hog call competition* in the same year. We did win one major battle on the home front . . . *our Student Center*. It was the end of our third year . . . we had passed the *halfway point*.

"Here pig . . ."

"Turtle a-go-go . . ."

Another campaign . . . but . . .

Junior Year

As returning *Juniors*, we discovered that our tuition raise had been spent on the construction of the Burlington campus . . . a *new concept in suburban education*. This new concept did not, however, shorten their bookstore line . . . or ours. That year the *Peace Corps* took many of our students. Some commented that *co-op made one fit for life . . . with the illiterate and the poor*. Poverty, however did not strike the Husky Key, as our 1964 *Homecoming Queen*, *Helen Essaf*, was "proped" onto Kent Field by a helicopter.

Around the world . . . in 730 days . . .

"Why . . . why me?"

Further development was announced with the creation of a *College of Nursing* and the assimilation of the *Boston Bouvé College* as part of Northeastern. Of course, new buildings were also being planned. A hand lettered cardboard sign on the shack of the North Parking lot read: *Oceanography studies have been cancelled due to unusually high tides in this area and unpredictable wind currents*. As the year sped on, water changed to snow, and the snow into *sculpture*. However, nothing, *nothing at all* changed in the co-op office.

Out to Lunch . . .

Martin Luther King: "Now . . ."

A slow talking Negro said *now*, a sheriff in Alabama wore a button proclaiming *never*, and a nation's students spoke of *commitment*. And to be committed you *gotta have a beard* . . . right? Some just got away from it all by rowing to the *Thames* and nationwide headlines . . . *our Cinderella crew*. And on the frozen waters, our Husky hockey team won the *Madison Square Garden Christmas Tournament*.

TW What?

A look to the future . . .

We knew it was almost the end of our *Junior* year, as the bookstore beckoned us to buy *rings*. This year marked the first time in Northeastern's history that an official *culture program* was initiated . . . we were entertained by the *Spanish Ballet* and found the cast from "*That Was The Week That Was*" extremely beneficial to our cultural advancement. As the year ended we had our *last meal* in the commons and saw a sneak preview of our new *Student Center*.

SENIOR YEAR

SENIORS! . . . We finally made it, but for the first time we did not take much notice of the *Class of 1970* for we were preoccupied with the wonderment of *OUR Student Center*. (In case you missed it, the class of 1970 brought the highest number of coeds than any previous class.)

The *Center* was truly a *gift* to the University by the students, and we were the first to realize this as our *tuition bill* was attached for an *extra \$12.50*. We had such a short time to enjoy the building but knew those behind us would truly benefit. It would be a place to study, sleep, or view an exhibit as well as provide a central area for all student functions . . . and it was to be the same old commons.

Senior year was a year for continued traditions with Mayoralty, a beautiful queen, a fine Masque performance, Mr. Husky construction and a basketball team that competed in the *NCAA regionals* for the *fourth time in five years*, not to forget the Icemen who repeated in ECAC tourney action.

Work . . .

Yet, one thing interrupted our Senior year fun . . . *work!* We still had plenty before we could accept the *sheepskin* and we had to do it in *thirteen week stretches* this time . . . *Flip Flop* was here. Thirteen weeks . . . it seemed like an eternity for Division A in school and Division B at work. But December finally arrived and we made our last big transitions.

Before the end of the year, we were entertained again via the *Culture Committee* which brought Hal Holbrook (*Alias Mark Twain*) to Alumni Auditorium. Outside, it seemed that Northeastern students . . . a few anyway . . . were becoming more interested in worldly affairs.

The months sped by and our last term seemed like old home week, as *both divisions of our class were reunited* to complete the home stretch together. *Senior Week* was the best ever held by a class, for we had a full term to rekindle old friendships before the last hurrah. It was truly a class united . . . and we ended united as we marched over *1200 strong* into the Boston Garden and walked out *1200 stronger*. After five years, we finally were given the boot.

A dazzling array of juniors and sophomores, along with three outstanding seniors led the way as the 1964-65 edition of the *Husky hockey team* rolled to its best season ever, capping the campaign with an appearance in the quarter-finals of the Eastern Collegiate Athletic Conference championships. Although the Huskies lost that one to Clarkson on the latter's home ice, they still compiled the best record in history for a Northeastern hockey contingent, copping 18 victories in their 28 contests, with an ECAC record of 14-8.

Seniors Tom Moon, Ed LeNormand and Gus Capizzo provided experience for the otherwise youthful Bellmen. Juniors *Bill Seabury* and *Larry Bone* and Sophomore *Jimmy Leu*, provided much of the scoring punch for the Huskies as they rammed in a combined total of 60 goals and 58 assists.

The Huskies started the season with three straight wins, including a 6-2 win over arch-rival *Harvard*, then suffered their *first loss to Yale*, 5-4. Coach Jim Bell's charges then downed another three victims: A.I.C., Brown and Princeton before dropping a hotly contested 4-2 decision to R.P.I.

The Huskies travelled to Madison Square Garden, where, in their first appearance in an ECAC sponsored tourney, toppled St. Lawrence, 6-1, Providence, 2-1 and Brown, 4-1 to garner *the first tournament championship in Husky hockey history*. During the competition, sophomore *Gary Thornton* established himself as one of *the best goalies in the East* while holding top-notch opponents to 3 goals in three games.

Coming off the tourney win, the Huskies knocked off a strong B. U. squad before decisions to Michigan and Harvard in the Boston Garden Holiday Tourney. B. C. was the next victim, as the *Huskies* downed the *Eagles* 5-4 with Turcotte tallying the winning goal in a sudden death overtime.

The Bellmen ran into a red hot pair of teams in Brown and R.P.I., losing to both as they continued a *midseason slump that had seen them win only one game in five*. A romp over Colby then preceded a 5-4 *triple overtime loss to B.U.* in the semi-finals of the Beanpot Tourney at the Boston Garden. The B.C. Eagles wasted no time in avenging their earlier loss to us by *burying us 9-1*.

Competition was not over, as the *Huskies were one of eight teams invited to the ECAC championship*, drawing third-seeded Clarkson as their quarter-final opponent. At the Golden Knights' Potsdam, New York rink, *the Huskies were defeated 6-3 and eliminated from the finals.*

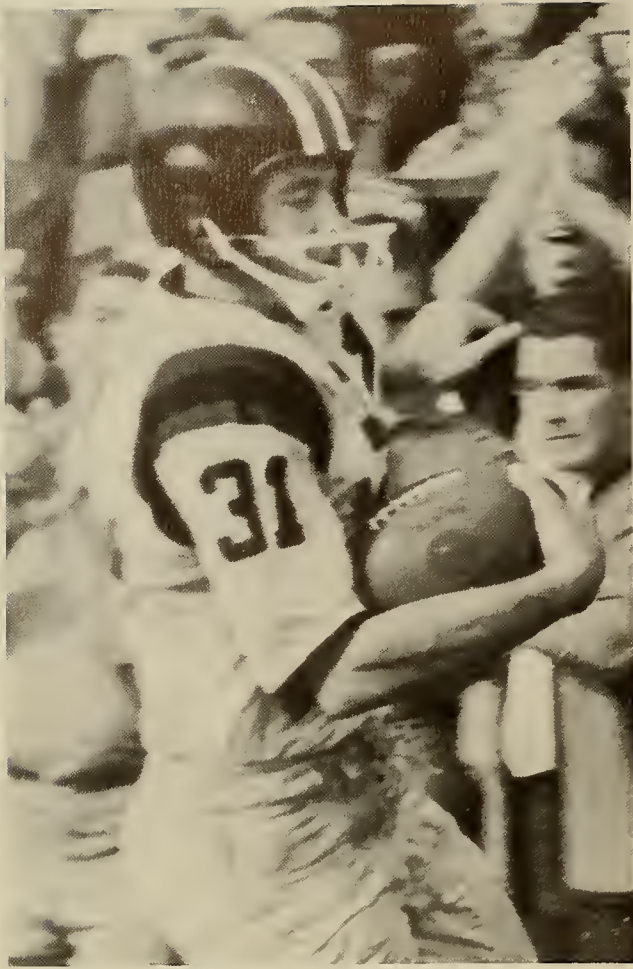

Although senior captain Neil McPhee missed the season with a broken arm, *the Huskies outscored their opponents 134-96 with goal tender Thornton making 673 saves.*

The 1964 Husky gridders, led by a group of top-notched seniors, along with a talented pair of Junior running backs fought to their *third consecutive winning season for coach Joe Zabilski*. The record . . . 5 and 3. Seniors Moore Dodge, Pete Raina, Mike Ginolfi, Phil McTague, Carl Wallin and Captain Jim Lyons were main contributors for the Huskies. The presence of other seniors was felt in John Duclos, Bill Price, Jack Riordan, Dwight Grader, Roger Larson, Paul O'Brien, Ed McGlaston, Jack Clark and Max St. Victor.

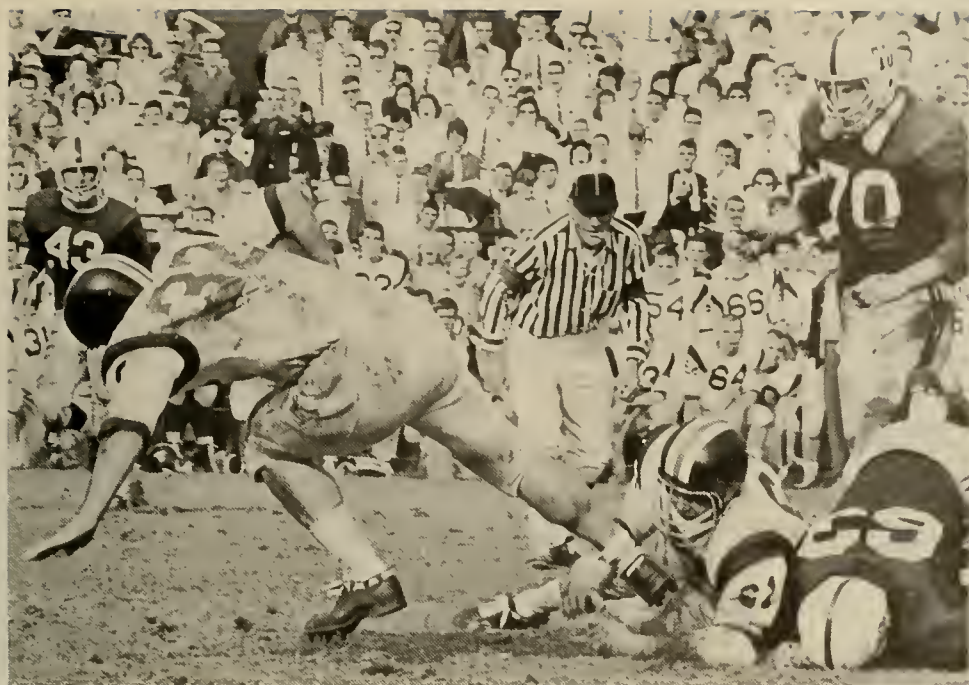

Junior Fullback, Bob Cappadonna, last season's *All New England fullback* and winner of the *Swede Nelson Sportsmanship Award*, combined power with Jim Thornton in compiling an *offensive mark of 1,960 yards*.

Cappadonna's rushing total of 842 yards set a new Husky rushing record, smashing Sid Watson's 1953 mark of 768 yards. Cappy also led the squad in scoring, tallying 52 points. Thornton was the top pass receiver for the Z-men, garnering 128 yards on 11 receptions. Senior quarterback Paul O'Brien led the Huskies in passing with 39 completions in 83 attempts good for 383 yards. Husky place-kicker Max St. Victor tallied 26 points with his magic toe, including a 51 yard field goal, through the rain at A.I.C. St. Victor also punted 16 times for a 41.6 yard average.

The Z-men opened the campaign with a 20-11 loss to the Rams of Rhode Island in the last game of a 20 year series. The next Saturday Zabiliski's charges romped over the Purple Knights of Bridgeport by a 22-6 score, Cappadonna bulling through the Bridgeport line for more than 100 yards.

In the first game of a new series the Huskies travelled to Long Island to take on the Pioneers of C.W. Post. Small College All American Tom Hespos dazzled the Huskies with a 400 yard passing performance as the *Pioneers trampled the Northeastern contingent, 31-10*. Rebounding from the Post game, the *Huskies edged A.I.C. at Kent Field by a score of 25-24*. Cappadonna and Thornton again provided the Husky edge. The Huskies dropped another the next week as the *Maroons of Springfield coasted to a 23-12 decision*. U.N.H. was the next Husky opponent with the *Wildcats on the short end of a 25-20 count*. The Husky juggernaut gathered speed the next week as they *rolled over King's Point to the tune of 34-13*. In the last game of the season, with a winning record hanging in the balance, the Huskies notched a *hotly contested victory over the Jumbos of Tufts*, in another chapter of the cross city rivalry, coming through with an *11-6 win*.

Three big wins at the end of the season gave the Huskies their third winning campaign in a row, in a season *highlighted by the individual performances of their great backs*.

By Dick Trust

The 1964-65 Northeastern basketball team rewarded Coach Dick Dukeshire with his *fourth consecutive winning season*, making the Duke the winningest Husky hoop head in the 45-year history of the sport at the Huntington Avenue campus.

The Huskies, led by Captain Jim Bowman, compiled a 13-11 record to give Dukeshire, since taking the reins in 1958, a 98-62 mark.

This latest Husky outfit was one that battled back in the late stages of nearly half its contests.

Brown and B. U. stopped the Huskies in the first two games of the season, *the first by eight points, the second by four*, but Northeastern revitalized both its offense and defense to produce *convincing victories over its next four rivals*—Tufts, Clark, Brandeis and Amherst.

In the *Jaycee Holiday Festival* at Assumption College in December the *Huskies* faced a strong *Springfield* quintet and bowed in the waning seconds. The Dukemen bounced back the next day to whip Wesleyan and gain a split in the tournament.

After dropping a pair of home games to the University of Massachusetts and C. W. Post, the *Huskies* journeyed to the *Coast Guard Academy* for an 82-80 triumph, and followed that with decisive wins at home over Norwich and Worcester Tech.

Rhode Island knocked off on the *Huskies* and, following a Northeastern victory over Fairleigh Dickinson, the *Huskies* ran into a three-game losing streak, longest of the season. The White Mules of Colby stampeeded the Dukemen, *Bob Cousy's* high-flying *Boston College Eagles* ran up a 101-90 tally over the *Huskies* and American International won in a closely contested game.

Dukeshire readjusted the Husky attack and *hit the victory trail over Bates, M.I.T., New Hampshire, and Tufts*. The conquest of the Jumbos came in the opening round of the Beanpot Tournament at Tufts' Cousens Gym. Next, the Huskies were tipped at Springfield, 75-70. Seniors Jerry Phillips and Captain Jim Bowman helped the Huskies to an early lead in the *Beanpot final against B.C.* which see-sawed throughout the first half. *The Huskies came within two points late in the game but dropped a 56-51 verdict.*

Despite Northeastern failing to receive a bid to the NCAA regionals for the first time in four years, *every Husky sparkled during the campaign. Bowman and Phillips closed their varsity careers being selected to the Beanpot's All-Star five.* Bowman led the Huskies with a 17.2 scoring average and was tops in rebounding, snatching 252 for a 10.5 average. Phillips was third in scoring with a 10.7 average.

Junior *Gerry Knight* was the most improved Husky as he *ranked second in scoring (10.9)*. His scrambling, hustling play merited his selection as *Captain of the 1965-66 team*. In addition to the steady play of the seasoned veterans, a talented crop of sophomores gave the Huskies a big boost throughout the campaign. Dick Weitzman, Jim McNaught, Art Christopher and Dick Boyd all sparkled for the Husky hoopsters.

The *Greater Boston League Championship*, which they had been so confident of capturing, eluded their grasp by one game, but by most standards, the Huskies 1965 baseball season would have to be termed *highly successful*.

After a G.B.L. championship and a shot at the *New England NCAA title* the year before, Northeastern was expected to take it all last season. But a series of bad breaks and weak hitting, resulted in a heartbreaking 7-4 loss in the next to last contest with Boston College, thwarting all Husky hopes.

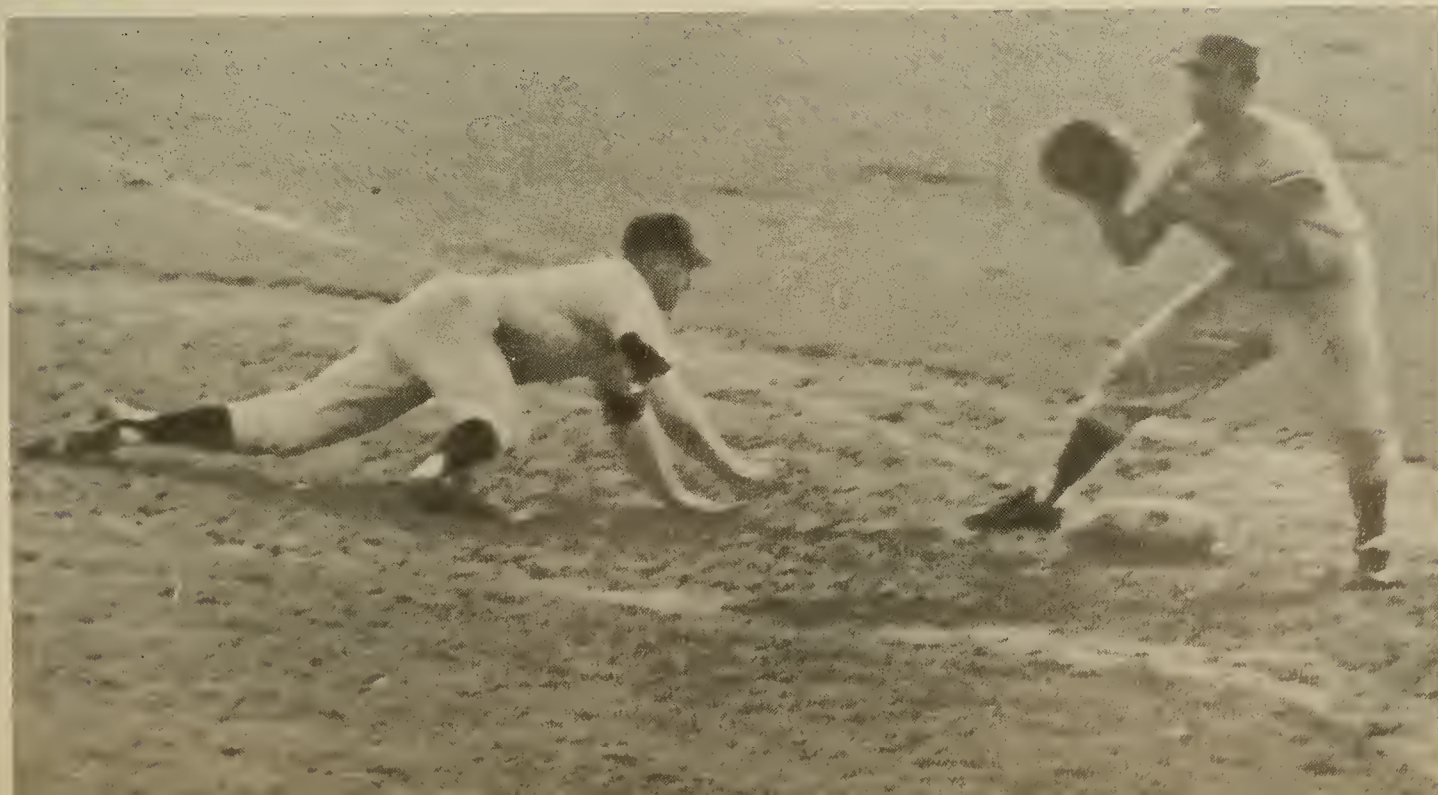

Harvard and Boston University tied for the championship, with Northeastern one game behind, sporting a 6-4 record in league play.

Overall the Huskies record was 13-8, including an earlier 14-1 drubbing of B.C. at the Heights, the *highlight* of the season for Coach John Connelly's squad, and a 17-3 mauling of M.I.T. in the season finale.

This was a year for individual performances as Northeastern *placed four* on the *Coaches' G.B.L. All-Star team*, more than any other school. Captain *Paul Lombardi*, a senior, took the *second base* spot with a .300 batting average, and great defensive work around the bag. Joining him in the All-Star infield was *shortstop Neil McPhee*. Neil didn't have a great year at the plate, but it was a wonder he could even swing a bat. A *severe arm injury*, sustained in the hockey season, was supposed to keep the rangy shortstop out of action.

McPhee sparkled on the field, making several key plays that helped win ballgames. The *Minnesota Twins*, American League Champs, chose Neil, as one of their draft picks.

Senior Dave Coleman, called by his coach, "the finest catcher we've ever had at Northeastern", had his best year at the plate, with a .395 average in the G.B.L. and a .347 overall. Dave was chosen in the draft by the Baltimore Orioles.

A junior rounded out the squad in pitcher Steve Grolnic. The southpaw had a 3-1 mark in league action and carried the bulk of the hurling chores.

Senior relief pitcher Bill Martin came through with some fine stints to earn the NEWS Most Improved Player award, while senior Norm Hoffman, sparkled in the outfield.

CREW

What the hell . . .

By Dick Trust

The story of *Northeastern's* first-year in crew, 1964-65, is reminiscent of a rookie hitting a home run his first time at bat in the major league, a boy scoring a touchdown the first time he gets his hands on the football and a duffer shooting a hole-in-one his first time out on the golf course. Such was the overwhelming success of Coach Earnest Arlett's "Wonders of the Water."

Intercollegiate rowing at Northeastern is now "*big time*" with the Huskies beating 33 of 34 crews in their first season, highlighted by the May 8 *sweep of the Dad Vail Regatta* in Philadelphia, emblematic of *small-college crew supremacy*. This was the first time any crew had ever swept the important Dad Vail—and this was Northeastern's first year on the water!

The climax of the season came when the Huskies were invited to the internationally-renowned *Henley Regatta at Henley-on-Thames, England*. This represented not only recognition on the international level, but it also brought *Coach Arlett* home to the place of his birth, the town he had left only six years before for America.

Resigning as head of crew at Oriel and Queens College of Oxford, Arlett moved to the United States, where he served as coach at Rutgers and Harvard, prior to his arrival at Northeastern.

Chandler Hovey, noted New England yachtsman and trustee of the University made possible the acquisition of four rowing eights with oars, a rowing barge, a launch with motor, and uniforms for the oarsmen. On April 17, the University paid homage to Mr. Hovey by christening its varsity shell the *Chandler Hovey* and the junior varsity shell the *Elizabeth Morse* in the name of his daughter.

Eight men—Bow, Richard Linck; 2, Vincent Goglia, *captain*; 3, Glen Schuhmacher; 4, Gary Kilpatrick; 5, Robert O'Loughlin; 6, Roger Borggaard; 7, Donald Moodie; *stroke*, Thomas Waite; and *coxswain*, Frank Baker—shortly afterwards rowed down the Charles for their first intercollegiate regatta and promptly defeated Marietta, Amherst and the Harvard 3 boat. It was to Brown that the Huskies lost their first race—by one-tenth of a second—after outstroking nine collegiate crews.

From the boathouse . . .

Gotcha . . .

The Huskies gave the rowing world its biggest shock on May 8. Coach Arlett moved his varsity, junior varsity and freshmen to the *Dad Vail* to compete with more than 20 other colleges. The freshmen began by defeating *Marietta* by one length for their championship. The junior varsity followed by edging *Rollins of Florida* by one-half length. The Husky varsity copped the afternoon by trouncing *Marietta* in the final event.

The *Dad Vail* victory earned Northeastern an invitation to the 64th Annual *IRA Regatta* on Lake Onondaga, Syracuse. Covering the grueling three-mile distance for the first time, the Huskies finished 12th. Later, at the most ancient of all regattas, the *Royal Henley-on-Thames*, the Huskies, in quest of the *Thames Challenge Cup*, startled Queens College of Belfast, winning by one and three-quarter lengths. Cornell was the next Husky opponent and it was Cornell, a college with 150 years of rowing tradition, that dropped the curtain on Northeastern's first year in crew competition, winning by one-half length.

TRACK CROSS COUNTRY

By Peter Accardi

To say the forces of *Coach Jerry Tatton* had a *most successful 1964-1965 season* would hardly tell the story for the Huskies' *24 victories and no defeats* could well be regarded as a *great achievement*. The *Cross Country* squad started the undefeated string with an *8-0 season*. Spearheading the drive were *captain* Mike Glynn, Tom Baird and Walt Fraser, all seniors, with junior Jack Lobban, recipient of the *Northeastern Track Club's* annual award for outstanding achievement in Cross Country, also running well.

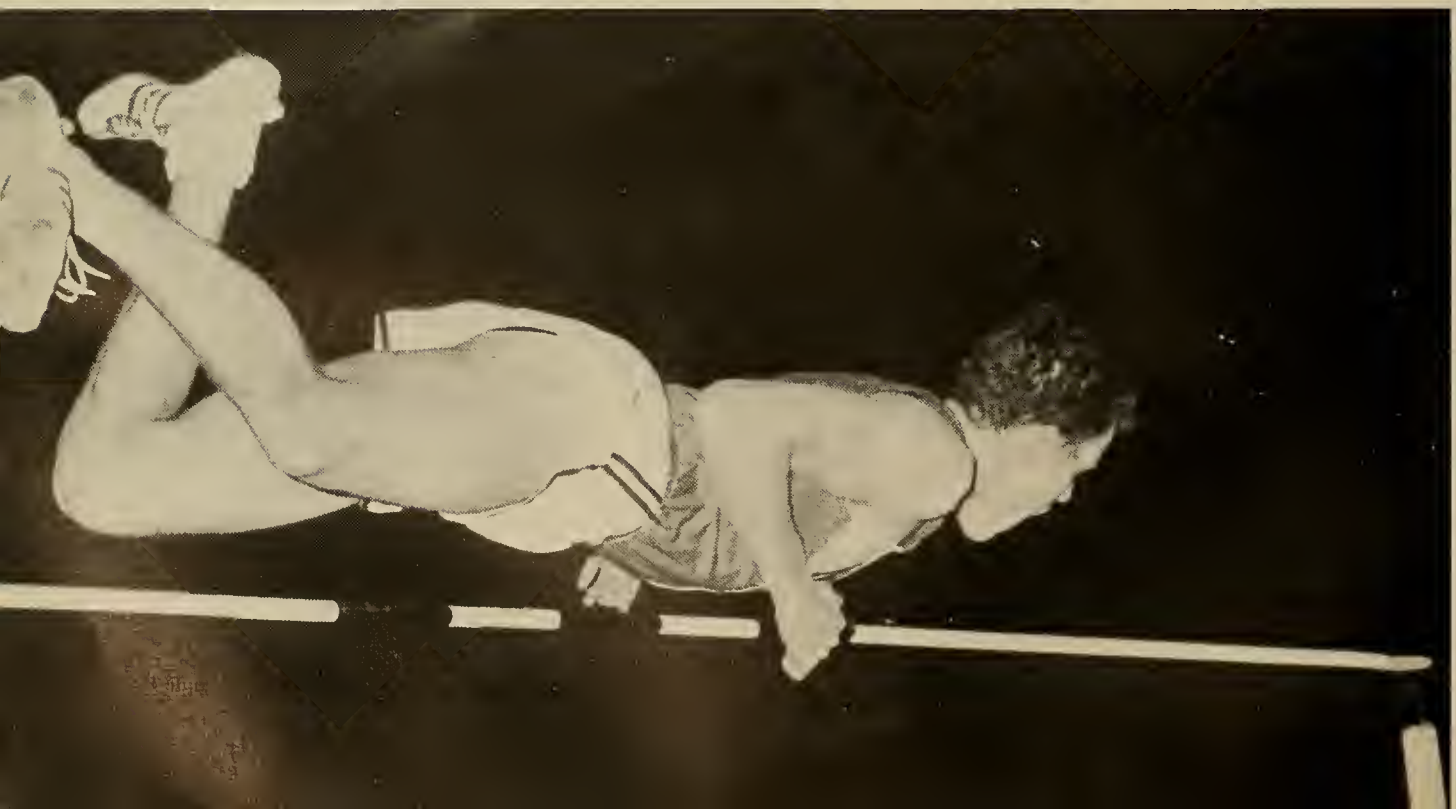

The Husky Harriers also fared well in their two tournaments, finishing *second* to Harvard in the *Greater Boston Championships*, and *third* in the *New Englands*, behind Providence and Harvard.

The *indoor Husky tracksters* kept the thrill of victory an established habit with a *9-0 slate* for a three year total of *23 straight* while the *outdoor squad* kept pace, *7-0*. In the *GBC's* we finished *second indoors* behind a top notch Harvard contingent and *third outdoors* behind the Crimson and B.C.

In the *IC4A's*, competing against all of the top teams in the East, the *Huskies* garnered *seventh place indoors* and tied Navy for *ninth outside*. Buoying the highly rated Huskies were a pair of weightmen *second to none* in the East—seniors *Carl Wallin* and *Bill Corsetti*. Wallin holds the distinction of being the *only New England collegian to exceed 60 feet* in the shotput. He also holds the Greater Boston and New England records in this event and was *undefeated in dual meet competition* for three straight years. King Carl has won, over his illustrious career, three *IC4A* titles and finished second in last year's *NC4A's* at Berkeley, California. Wallin has taken innumerable trips with the U.S. State Department's touring track team; all the way from Europe to the Far East.

The other half of the nationally prominent combine, Bill Corsetti, has been *GBC champ* in both the *35 lb. weight* and the *hammer throw* and has taken firsts in the latter event in the New England's and the stiff *IC4A's*.

Other *senior bulwarks* were versatile *Mike Glynn*, who competed in every event from the 440's to the two mile, *captain* Ed McGlaston, GBC champion sprinter in the 100 yard dash and runner up in New England, and *Sam Walker*, another man of many talents, who saw action in the broad jump, high and low hurdles and triple jump.

Seniors Tom Baird, Dave Coutts, Jim Donegan, Bob Feeney, Walt Fraser, Mike Ginolfi, George Morrison, Jim O'Neil, Joe Pechinski, Steve Ridlon, also stood out for the Huskies. All in all, a very successful season for the *team* as a whole and *individual accomplishments*.

After four years of our *athletic eligibility* ended with the 1964-65 season, we—the *Class of 1966*—sat back and watched our colleagues from the Classes of '67, '68 and '69 carry—and dribble—the ball. Once again, as was the custom, each of Northeastern's major athletic squads compiled *impressive records* with rough schedules against top-notch opponents.

On the gridiron, Coach Joe Zabiliski's charges rolled to a 6-2 slate, trouncing highly touted *C. W. Post* early in the season, in a big upset. Seniors Bob Cappadona and Jim Thornton, for the third straight year, *dominated the Husky eleven*, as both turned in sterling ball carrying and pass-receiving performances for Mr. Z.

Springfield tries an end run . . .

The *two Husky losses* were heartbreakers, the first coming at the hands of a lowly rated *Bridgeport* squad, the second, a *Homecoming* loss to undefeated *Springfield*.

This was a year of milestones for the Husky grid-ders, as they played their final game with *Tufts*, ending one of the toughest cross-town rivalries in New England football circles. One of the brightest spots on the horizon for the Husky eleven was sophomore quarterback *Lou Tomasello* who guided the Z-men to their upset victory over *Post* but missed most of the season's remainder due to injuries.

Captain Cappadona . . .

The lockers are empty as another year ends . . .

On the ice the *Bellmen* ran up a 16-12-1 record in major college competition, earning a bid to the *ECAC Major College Hockey Tourney* for the second year in a row. In that tournament the Huskies lost a 4-1 decision to first seeded *Boston University*. The Huskies got off to a poor start, winning only two of their first nine games, but ran up a *14-6 record for the rest of the campaign*. Junior Center *Jim Leu* led the Huskies in scoring with 48 points on 32 goals and 16 assists. Senior *Bill Seabury*, the 1964-65 scoring champ, trailed Leu with 37 points on 25 goals and 12 assists. *Gary Thornton*, the rangy junior from Canada was the goalie for Coach *Jim Bell's* puckmen, through most of the season, playing in all 29 of the Husky contests. He allowed 117 goals while making 816 stops in the Northeastern nets.

In the tourney, the Dukemen rolled over Springfield, 93-80 in the semi-finals before being *out-classed* by the *Greyhounds of Assumption* in the finals 96-69.

Highlighting the season was a *nine game winning streak*, including victories over *Amherst, MIT, BU* and highly rated *AIC*. On the season *Rick Weitzman* led the squad in scoring with a 14.3 average, followed by *Harry Barnes* at 12.6 and *Jimmy McNaught* at 12.0. In the rebounding totals Barnes held the edge over *Art Christopher* with a 10.8 mark to Christopher's 8.1.

NU EPSILON ZETA

Nu Epsilon Zeta enjoyed a banner year in 1965-66 in *social activities, sports, and campus leadership*. The Fall term began with the initiation of 12 new brothers into the fraternity and culminated with Homecoming Weekend and "*Hercules*", our *prize-winning float* in the campus-wide competition. Our *Annual Parents Weekend* and *Alumni Weekend* were both very successful.

Under the leadership of *Grand Master* Joseph Gullotta and *Vice Grand Master* John Fischer, the fraternity continued its record of leadership, including our *league-leading basketball team* in interfraternity competition. Among campus leaders, David Ellis, Interfraternity Council President, represented the University at the *National Fraternity Convention* in Washington, D.C., while another brother, Robert Baskin served as Student Council President. The *Fraternity Man of the*

Year—selected as the top Greek on campus from among the 500 fraternity men—was also from NEZ, Allen Henry.

Our Christmas season was highlighted by the party we held for 50 underprivileged children—complete with games, gifts, good cheer, and our *special Christmas tree*, donated by the pre-pledges. Our *New Years Weekend* and Winter Carnival filled out the Winter term. George MacPherson was our candidate for Fraternity Man of the Year, hoping to keep the trophy at NEZ, while Bill Murphy did a fine job representing us in the Mr. Husky Contest.

Before we knew it, the Spring term—with rushing, *Quint-Frat*, and *Greek Weekend*—had come and gone and June was marking the end of another year.

The year 1966 marked the 41st anniversary of *Phi Gamma Pi's* existence at Northeastern. The Fraternity is proud of its many accomplishments and contributions to both the community and the University.

During the year, the active social schedule helped us to foster our spirit of Brotherhood while it provided a long list of memories which will linger in the minds of all. *Homecoming* once again proved to be one of the high points of the year . . . the alumni were welcomed back with a cocktail party and a dance. *The annual Christmas Wassail party* brought in the warm spirit of the season . . .

following the party, the Brothers and neighboring nurses sang carols around the fireplace. The "Open Keg" parties continued with as much success as in the past, and the Fraternity was again active in *IFC sports* competition.

Eleven new Brothers were initiated this year and they began to experience and know the meaning of true Brotherhood. The Fraternity years which they have ahead of them will undoubtedly be filled with memorable occasions. As for the *14 Brothers who graduated* this year, they can look back on the rewarding experiences which they have had and the lasting friendships which they have made.

PHI SIGMA KAPPA

The *Delta Pentaton* Chapter of *Phi Sigma Kappa* was founded at Northeastern as *Sigma Phi Alpha*. On May 11, 1963, SPA became a chapter of *Phi Sigma Kappa* national fraternity. Our social activities consist of Homecoming, Christmas and New Years parties, *the annual Hang-over Bowl football game* with *Phi Beta Alpha*, the *Sigma Phi Alpha Dinner Dance*, *Alumni Day* and *Parents' Day*.

We have taken an interest in community affairs by working with the *Jamaica Plain Settlement*

House, The Home for Little Wanderers and the Braille Press.

Delta Pentaton hosted the *Phi Sigma Kappa Region 1 Conclave* this year, and we also sent Northeastern's first representative to the *National Interfraternity Conference*.

Professor Saverio Cerullo, of the Finance Department, has been our capable and respected advisor and Brother.

Lefrak Award* for efficient organization of extracurricular activities.

Our September term began with our involvement in backing *El Centor* in the Mayoralty Campaign. Division A was highlighted by many social events, including Homecoming activities. On that day, we had the *TEP* plane flying over the Homecoming game and held our annual Homecoming Dance at

the Charterhouse.

We continued our outstanding record in *interfraternity sports*. *Tau Epsilon Phi* has held the All-Sports Trophy for the past two years and excelled this year in basketball, bowling, and softball.

Our year was completed with the *Marvin Gutten Scholarship Dance* with Gary Pearlman winning the scholarship trophy; the *Annual Merrill Lovering Memorial Dinner Dance* with Stuart Klepesch receiving the Outstanding Service Award; and Larry Czengery receiving the "*Zeta Award*" for outstanding Sportsmanship.

ZETA GAMMA TAU

Zeta Gamma Tau Fraternity has been one of the most active Fraternities on campus this year, both as an organization and as individuals.

As individuals, Brothers of ZGT during the 1965-66 school year have held such offices as President of the Student Council; President of the Husky Key; Vice President of the Senior class; President of the Middler class; and other various Student Council and Class Board offices.

As a group, ZGT has entered candidates in the *Mayoralty campaign*, which it won this year for the second time in a row, and the *Mr. Husky campaign*.

Although in existence for only *five years*, ZGT has held a position of prominence on the North-eastern campus. The production of a *well-rounded social individual*, active in the community and interested in scholarly pursuits, is perhaps the *prime goal of the Fraternity*. The achievement of this goal has been realized by the graduating Brothers this year.

The Intersorority Council serves as the governing and regulating body of Northeastern's four social sororities. The Council is composed of members of each sorority.

Founded on May Day, 1962, the Council has since been active in providing opportunities in the form of socials and mixers for the sisters of each sorority to meet each other and discuss mutual interests.

On *Freshman Night* each year, the Council promotes the sorority system by means of an information booth and pamphlets.

Event after event including dances, suppers, parties and get-togethers made the year 1964-65 a vibrant life-enjoying one for *Delta Pi Alpha*.

The annual Spring Dinner Dance at King Philip in Wrentham with its midnight buffet supper kept everyone full and happy . . . the outings wet and trim . . . the pledges, grim and a tiny bit overbearing. But it was fun! Those *judo lessons*, the spaghetti, the songs, even the *Hell Weekends*.

There were *disappointments* and *victories*. We won the *scholastic excellence award*, won second prize in the Greek Sing, and our float, *Alice in Wonderland*, was most worthy of a prize. We sponsored a Chapel service and held a drive to collect old toys at Christmas to give to deprived children at a home in Roxbury. Most of us looked deprived at our own party on *Halloween*: goblins, witches, skeletons, and Romans spiced the affair. We went en masse to the Coronation Ball at Winter Carnival . . . later we rented that suite at the Sheraton . . . the pledges even had a snow sculpture.

Spring followed Winter and June followed Spring. Graduation came and *we cried to leave our sisters. . . .*

What does it mean being a member of the youngest sorority on campus? *It means keeping busy, working hard, and having fun.* What kind of work do we do? Some of the projects we have undertaken this year include *writing letters to soldiers in Viet Nam* and working at the YMCA on Saturdays as we have done in previous years and which *has afforded immense satisfaction to us all.*

We've taken the opportunity to participate in Chapel on occasions and have enjoyed helping out in the new Student Center by ushering at several functions. Where does the fun come in? Fun is included in everything we do. It's the *happiness* and that *overall good feeling* of working with others and sharing common goals. Adding to our fun, are our pledges, for the sisters enjoy pledge activities as much as the pledges do.

But some activities are done just for fun, such as tobogganning, roller skating, a *Desert Time Party*, *Informal Luncheon*, Sister Social in May and the Greek Sing in April and just plain parties. It must also be mentioned that our hard work was rewarded this year when *Kappa Theta Xi* was honored to receive the *Scholastic Excellence Award.*

Senior cadet and Army officers barked commands across the open field, sending students to various formations and marching maneuvers in preparation for review. SENIOR WEEK

COMMITTEE

Senior week was a *pure delight*. It was the result of a committee of our classmates who *worked unselfishly* to insure that it would be a success. The *Laurels*, *Pops*, *Mystery Night* and *Commencement Ball*, all reflected their drive and enthusiasm.

STUDENT CENTER

Our senior year of activities was completely different than what we have ever experienced, for we entertained ourselves in a *new home*. The new *Student Center Building* was opened in the Fall as a *tribute to the student body*, who made this distant dream a present reality. We congratulate ourselves on a job well done. A committee of students was established to assist the administration in formulating basic policy and function as a liaison between *student wants* and *administration offerings*.

STUDENT COUNCIL

Again, the *Student Council* continued its unexpiring effort to *promote the wants of students* from smoothing over the parking lots to approving the acquisition of a live *Husky dog*, a project begun many years ago. Whether the Council succeeded in all their ventures was immaterial. They were always receptive to suggestion, even if *suggested in vain*.

Rehearsal . . .

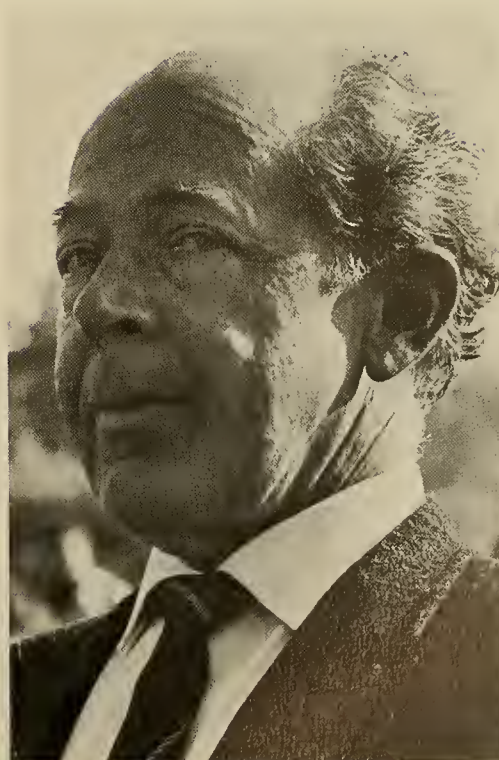

For the *fifth year in a row*, we kept rhythm at football games to the tune of *SWEET GEORGIA BROWN*. The presence of the band was everywhere felt and heard as we *ate hotdogs* in the grandstands, or *cheered* in Cabot Gym or *kept warm* in the Arena. We could hear them in concert *almost* every Thursday afternoon as the Band continued its *MUSIC AT NOON* festivals. Besides receiving *new uniforms*, the highlight of the year, was the band's performance of a *Christmas recital* held in the main lounge of the Student Center.

HUSKY KEY SOCIETY

The 1965-1966 social calendar was undoubtedly *the most successful for the Husky Key Society*. Fall was highlighted by a highly spirited *Mayoralty Campaign*, and beautiful weather for a beautiful queen on a colorful *Homecoming Day*. If the Key had had anything to do with the action on the field, we would have defeated Springfield by a wide margin. And, for the *first time* in a number of years, the Key was able to conduct a

"big time" Winter Carnival, complete with a Queen, Glenn Yarborough, the Four Seasons and *SNOW* which came two weeks late but still considered part of the festivities.

We must not forget the cheerleaders for they too, despite harsh criticism from a minority performed much better than we had seen them, at times, better than our opponents.

A very successful production of Moliere's *THE IMAGINARY INVALID* christened the *Silver Masque's* new modern *studio theatre* in the Student Center. The three major productions, *ALL MY SONS*, *BORN YESTERDAY*, and *A FUNNY THING HAPPENED ON THE WAY TO THE FORUM*, were accompanied by numerous Studio Theatre programs including *THE GLASS MENAGERIE* and *RUMPLESTILSKIN*. A children's theatre was developed by Miss Bernice Mendlesohn, a new colleague of that BMOG (biggest man on campus) Prof. Blackman. Again, the *Eugene Awards* were presented to outstanding actors of the year, and, who knows, we may see some on *Broadway* in the not to distant future.

Sigma Phi Beta continued into its second neophitic year as it persisted in its efforts to become fully recognized as Northeastern's *thirteenth* fraternity. At press time, *SPB* had partially succeeded as it *received approval by the Division B Interfraternity Council*. As we leave, we can only wish the Brothers of Sigma Phi Beta the best of luck in the years to come for we know *they will help to further the fraternal tradition of Northeastern*.

(Ed. note: At press time, it was impossible to include SPB in the Greek Section. However we would like to congratulate them on having been voted Northeastern's thirteenth fraternity during our last term.)

RELIGIOUS

Ecumenicism moved from Rome to Northeastern University this year, as a successful *interfaith dialogue* movement was initiated through the cooperation of students of all religious organizations. *Chapel services* drew more participants than ever, mainly through the efforts of the *Student Union Chapel Committee*. We met a new vibrant "man of the cloth" in *Father O'Looney*, the Newman Club Chaplain who had no visible difficulty in filling the shoes of *Father Hofler* who was transferred in the Fall. In the years to come, let us not lose our faith in whatever beliefs we hold to be the best for us and our brothers.

It was truly a good year for journalism, and if you didn't think so, the Friday fish did.

EMANON

OH, Alma Mater, here we throng

ALMA MATER

As we think back to *Alma Mater*, our first recollection is the vision of white bricks, tuition raises, co-op hardships, crowded corridors in winter and much more of what we considered distasteful. But let us remember *Her* positive aspects . . . *Her* people, *Her* places, *Her* ideas, *Her* future. As students we remembered how *She* could embrace us as we embrace a puppy. We could always see, feel and hear the building process, but were fortunate to have seen some completed fruits of the *development program*. We knew we were growing with *Her*. And we could see before us, our campus, the *City of Boston*.

Photography by David F. Crowley, Jr. PHOTOGRAPHY, INC., Boston, Mass.

And sing your praises strong.

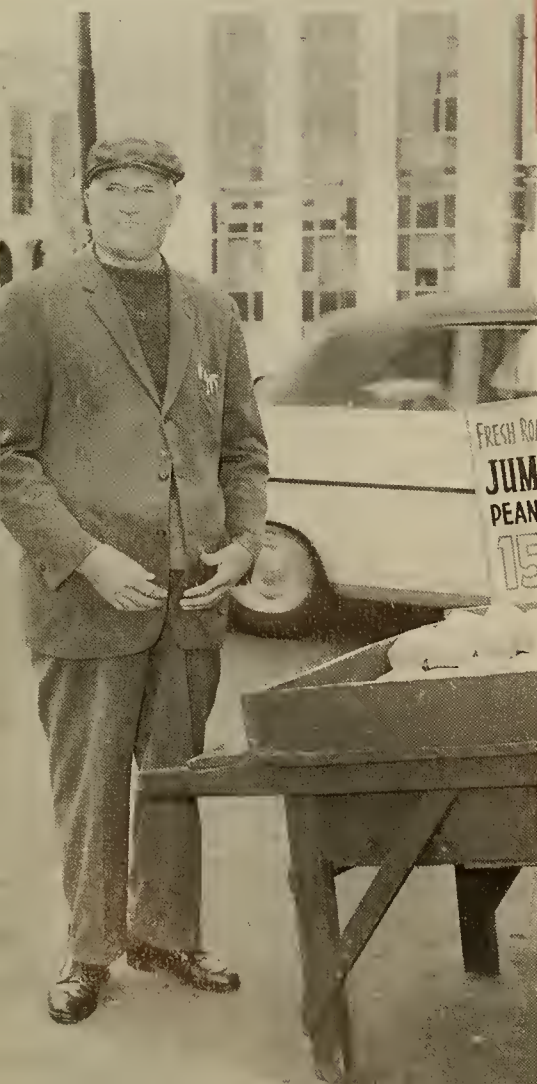

ENVIRONMENT

We were in the nation's hub of learning, culture and calm. The city's glow was forever lighting our weekends. A special Friday afternoon concert at *Symphony Hall* was always a great excuse to cut class. The *Public Gardens*, practically Northeastern's neighbor, was just the place for a Sunday morning after the night before. And if you wanted to get away from it all . . . a book and the *Fens* was ideal. For the commuters, however, there was only *traffic* and the slow *MBTA*. But it was part of *Northeastern*. Great as our surroundings were, however, the greatest aspect of *Alma Mater* was *Her* people.

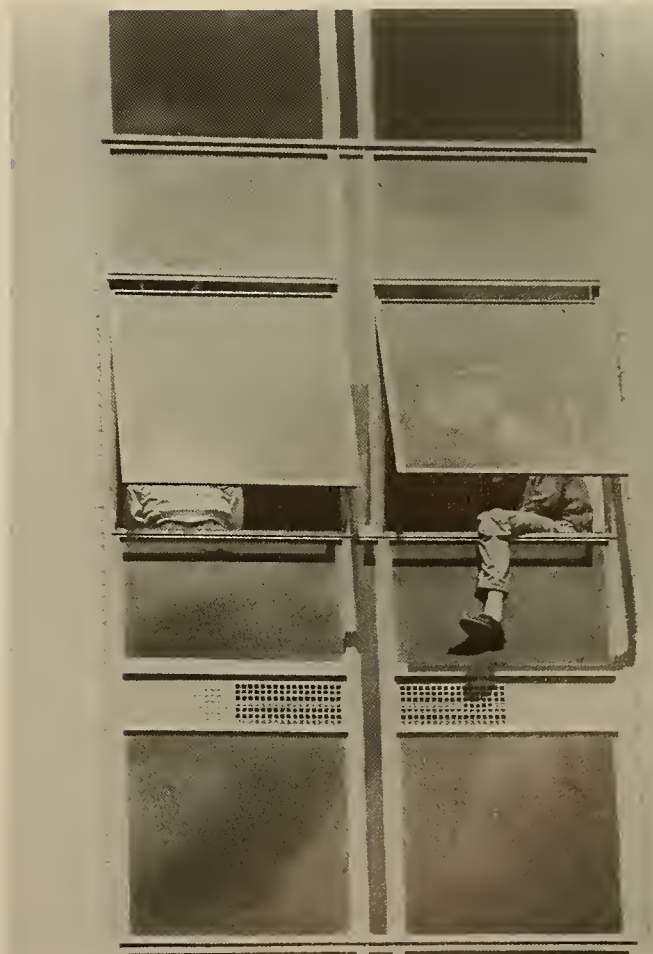

Your sons, they gather far and near

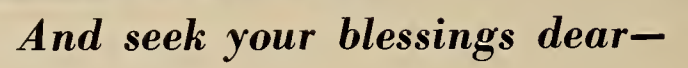

PEOPLE

Many people we merely met and really did not know. Others we shall never forget. Although we rarely said more than "*one*" to him, our peanut vendor was ever present. With others we had much to say about everything and everybody or seek help in times of great distress. The secretarial force was always helpful . . . whether we needed a ditto master, an ear or a friend for life. There were those we always wondered about . . . would they make it or find some way of terminating the five year struggle. And for many, it was truly a struggle, for we *worked*.

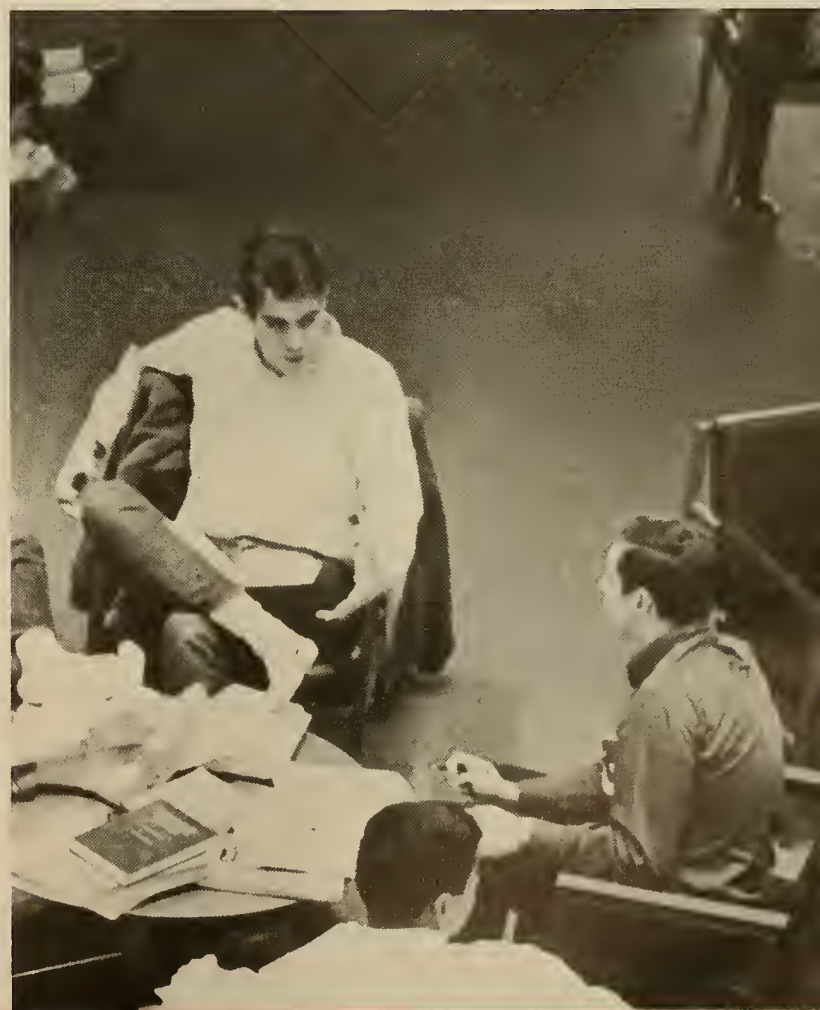

AT WORK

Sometimes we worked from sun up to sun down. We worked in groups but exams were individual projects. And afterwards it was more study. If we ever got tired of working we could kibutz while someone else worked. *Alma Mater* was synonymous with work. *Her* basic philosophy was work . . . "Co-op". And whether we felt our talents were being exploited for mere pittance, or not nurtured at all, we cannot say that *Alma Mater* did us harm. Yet, for all the work we did, we had our share of *fun*.

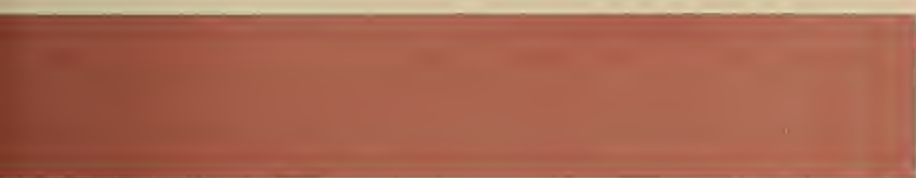

Fair memories we cherish now

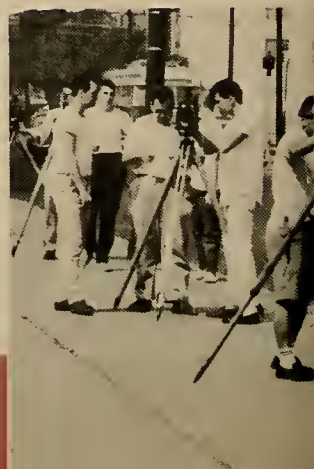

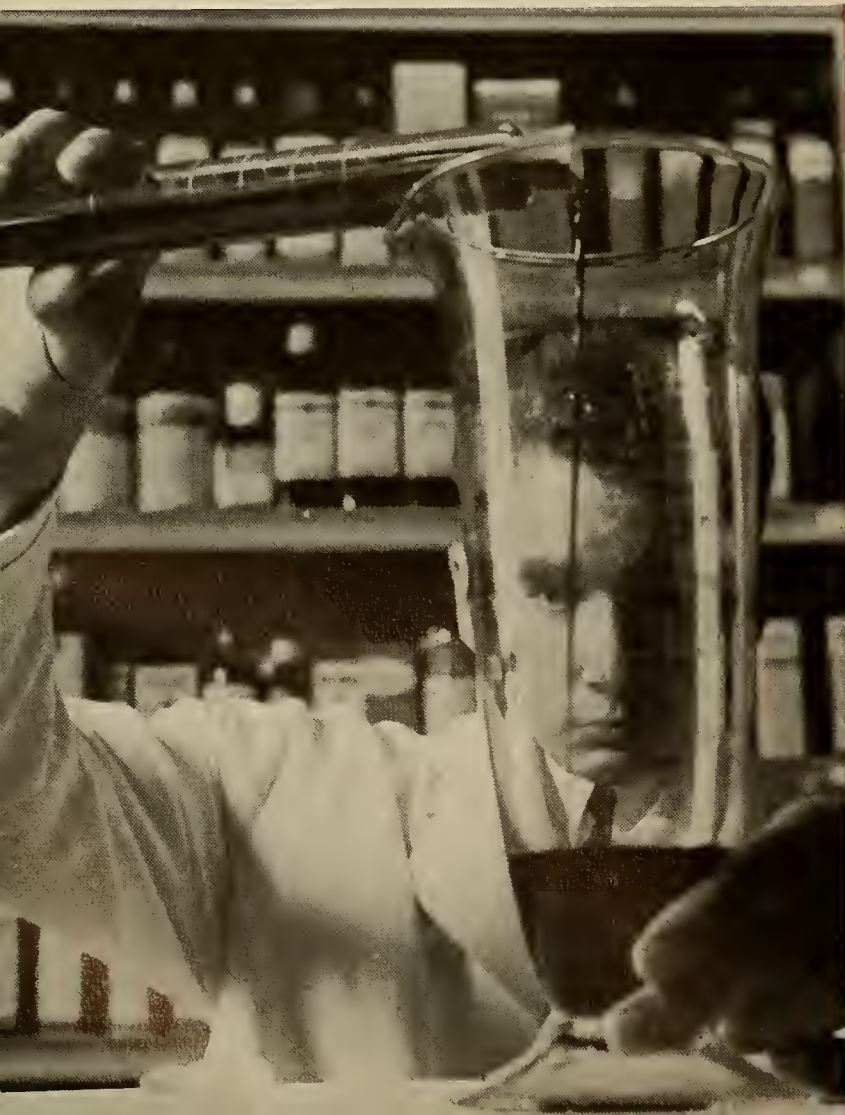

AT PLAY

If we learned anything through our college education, we learned how to rationalize our way OUT OF WORK. Just an excuse, that's all we needed, and off we were to Kent Street, or Cabot Gym, the Charles or Student Center. For the more adventuresome, we had rougher choices and, of course, seasonal escapades. Fun we had . . . Mayoralty and Husky Campaigns, Masque, dances, concerts more and more. Along the Greek way the lights burned late on weekends (although some were known to have been extinguished early). And yet, this was all part of it . . . even in our most frivolous moments we were forever *learning*.

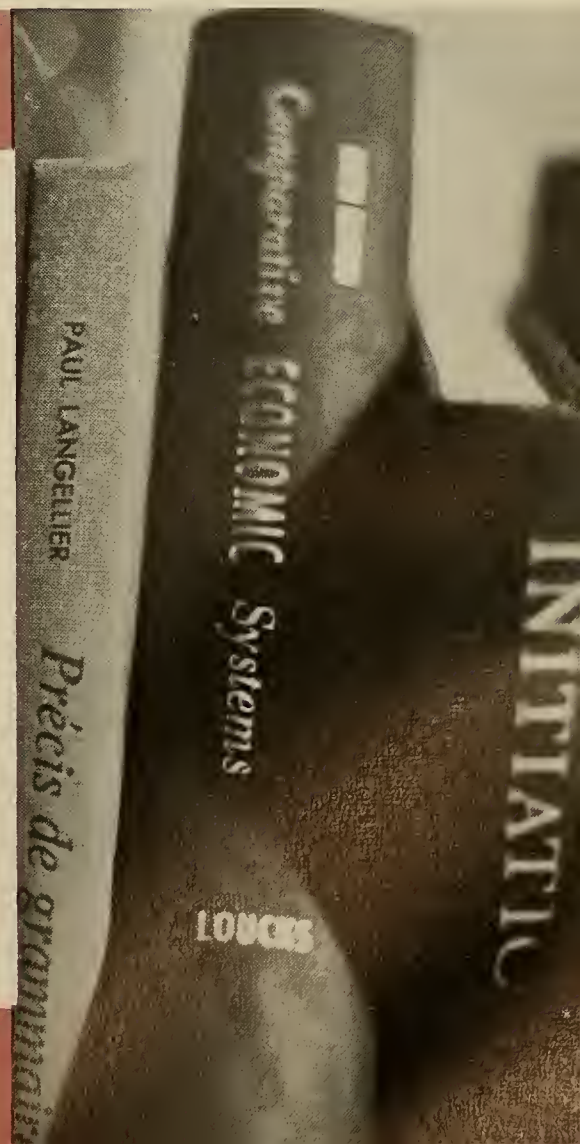

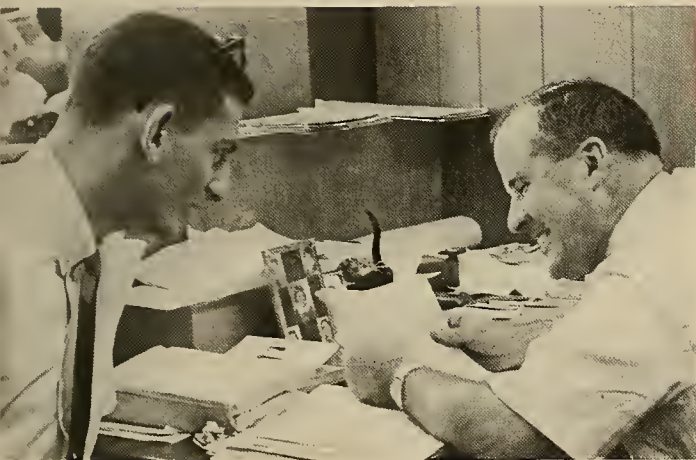

And will forevermore.

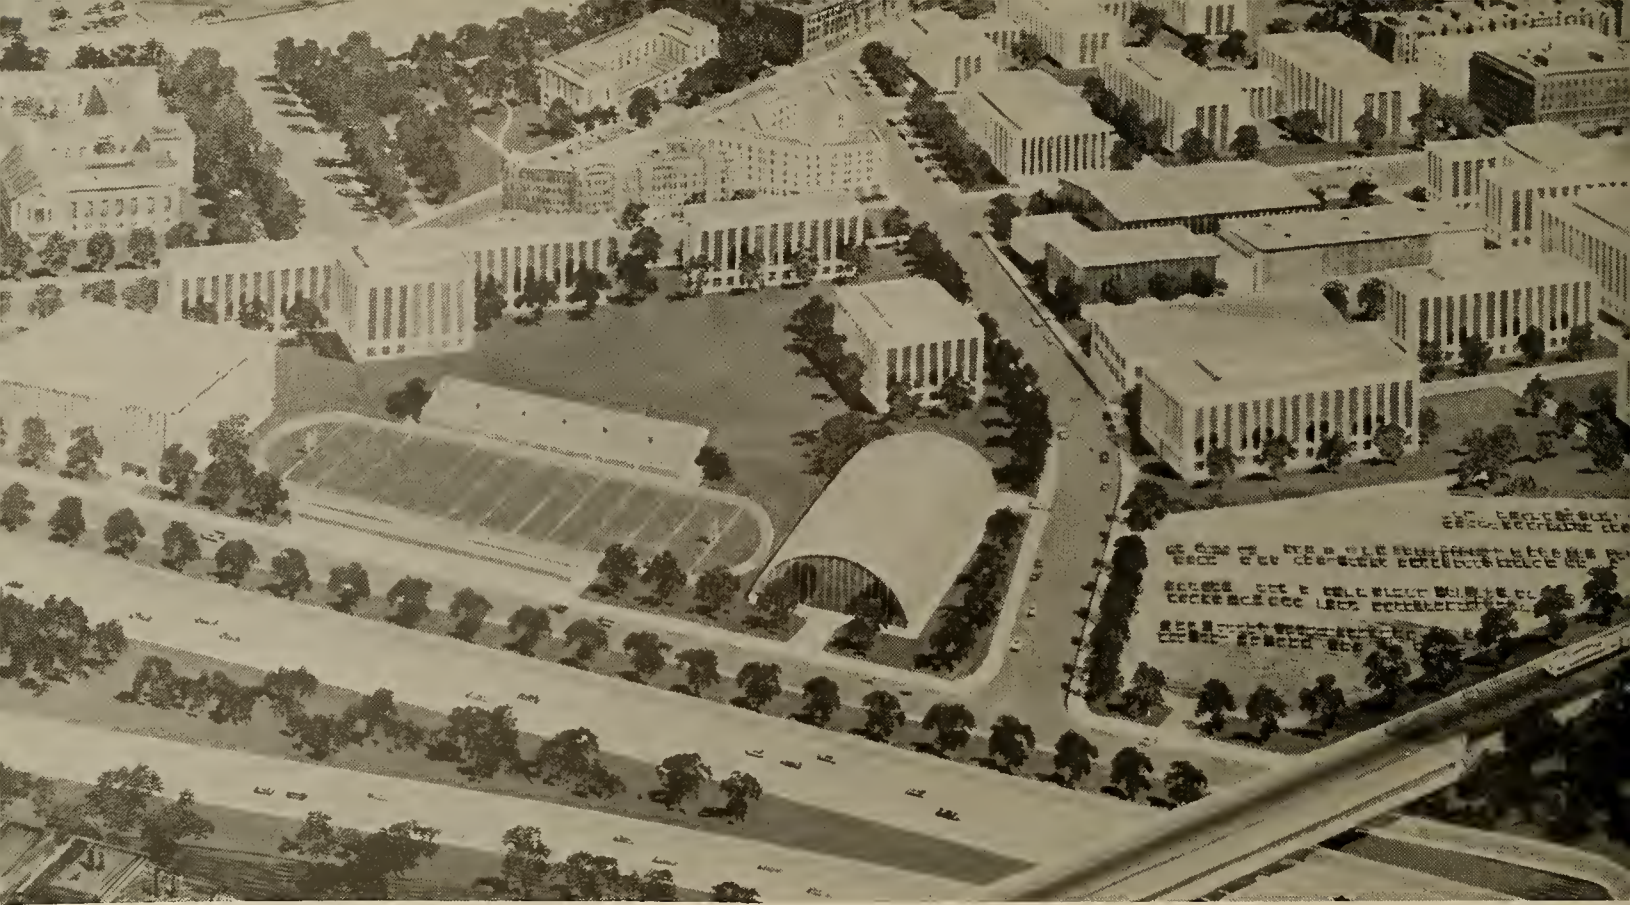

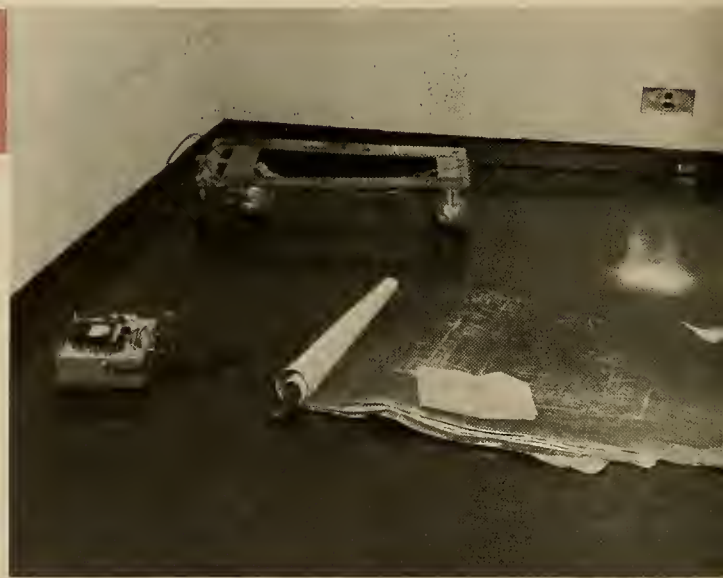

LEARNING

Alma Mater taught us more than the written word . . . *She* taught us the inner self. *She* was a testing ground for our desires, our talents, our shortcomings. *She* was five years during which we truly learned about ourselves. We learned through patience, we learned through trial and error, we learned from what others told us, we learned from co-op, and we thank *Alma Mater* for providing us the tools with which we accomplished this great feat. We have truly benefitted by *Her* and extend *Her* and our successors sentiments of a fruitful future.

Come, let us raise our voices strong,

THE FUTURE

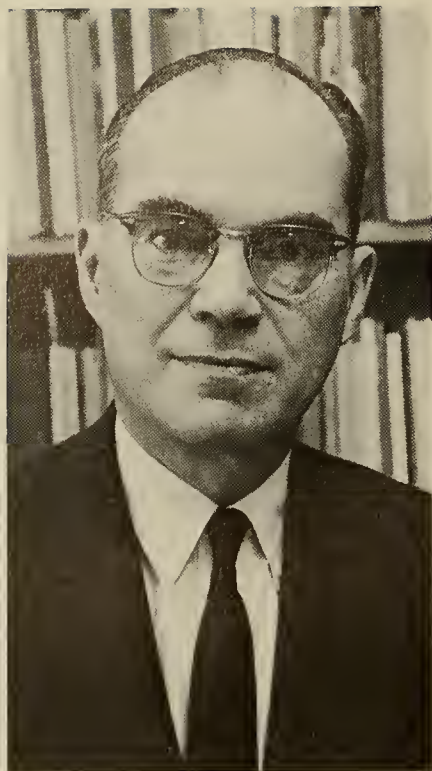

Northeastern University does have a future. Although large now, *She* will be even larger. Much of *Her* greatness to come is merely a blueprint of bricks and buildings. Someday, *She* may have real big trees and rolling lawns. *She may* have these, but *She* will always have *Her* people. It will be people, with the foresight of *Her* President, who will help lead *Her* to greatness, but it will be the students and we, *Her* alumni, who will insure this destiny as we lead ourselves to *our own great destiny*.

Northeastern, we adore.

The officers and members of the Northeastern University Alumni Association extend heartiest congratulations to the members of the Class of 1966.

ALUMNI LOUNGE

You are cordially invited to visit the Association headquarters in Richards Hall (Room 225) and the *Alumni Lounge* which is available to you and your family whenever you are in the vicinity. We would appreciate your cooperation in maintaining your correct address. In the event of a change of address, notify the *Alumni Records Office* so that mail will not be delayed in reaching you. You will receive the quarterly publication of the Alumni Association, The Northeastern University *ALUMNUS*, which is sent to all alumni of the University and to all seniors. Your Class officers will be looking to the *Alumni Records Office* for your current address for the various communications which will be sent to you as members of the *Class of 1966*. Among them will be an invitation to attend the annual *Homecoming Day* celebration, *Alumni Day* in June and more particularly, your *Class Reunion*. The Officers of the various *Regional Alumni Clubs* would be pleased to have you attend their meetings. Notices are

sent to all alumni in their respective areas.

There is available to you the *Alumni Placement Service*. You are cordially invited to use this facility for purposes of obtaining a position or relocating a position. This office operates under the direction of the *Department of Cooperative Education* with a member of its staff assigned full time to alumni placement. If the Alumni Relations Office can be of service to you in the years ahead, please feel free to call on us. The Director of Alumni Relations is *Rudolf O. Oberg '26*, who is the liaison officer between the alumni and the University. He works closely with the various class officers, the regional clubs throughout the country, and such special interest groups as the Varsity Club, Pharmacy Alumni, Bouvé Alumni and the Alumnae Association.

EPILOGUE

There has hung a sign in the CAULDRON office for many years inscribed with the signatures of past editors and assistants. It is actually a scroll listing the members of the Ancient and Honorable Order of Has Beens. It was a rather awkward experience when I affixed my signature thereon, for, for the first time in five years of reading it, did I truly realize it's significance. But, then again, are we not all has beens. Since June 19, 1966 we were, for then we left our final mark as students upon Northeastern University. But, our relations with our Alma Mater will never cease for she will always be with us. With this idea, the 1966 CAULDRON was produced. For the present, this CAULDRON is merely a nice thing to look at, but it is intended to be read, savored and even be a bit nostalgic in the future. Only time will tell if it succeeded.

In closing, I wish to say thank you to my associates, good luck to you, my classmates, and good-bye Northeastern.

A large, elegant, handwritten signature in black ink, reading "Joseph Codispoti". The script is fluid and cursive, with a prominent initial 'J'.
